ABOUT ME

I am a web developer, new in the field, with a focus on the front-end, but still exploring other technologies and frameworks that trigger my interest. I am trying to combine the art with the code to bring some incredible results for any taste. My goal for the near future is to join the corporate world of web development, to be part of a team that handles various projects and further expand my knowledge.

WORK EXPERIENCE

2017 - 2018

Intern at Dixons South East Europe, Kavala, Greece
